Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 0400 on Monday 11 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Some rain turning to hill snow before clearing this evening.

Today:
Cloudy with occasional rain, mainly in west this morning. A band of rain will come southwards to all areas this afternoon, turning to snow on high ground before clearing this evening. Maximum temperature 6 deg C (43 deg F).

Tonight:
All parts will be dry with long clear periods developing. It will be a cold night with a widespread sharp frost and a risk of icy stretches. Minimum temperature -7 deg C (19 deg F).

Tuesday:
A fine, dry, cold day with plenty of crisp winter sunshine. Fresh northwesterly winds becoming light. Maximum temperature 3 deg C (37 deg F).

Outlook for Wednesday to Friday:
Dry, bright, cold for much of Wednesday. Rain, preceded by snow on high ground arriving later Wednesday and into Thursday. Possibly snow to lower levels. Drier, brighter weather following Friday.
